

2 Kings 6  
August 25, 2013

What important information do we learn from the miracle about the floating ax head?

If the events of chapter 6 followed the events of chapter 5 in real time, what is strange about the king of Syria going to war against Israel?

How did Elisha know what city the king of Syria was going to attack?

What did the king of Syria do when he learned that Elisha was providing King Jehoram with this information?

**1. “What shall we do?”**

What did Elisha’s servant do when he saw that the city was surrounded by the Syrian army?

What should we do when we find ourselves in a difficult situation?

**2. “Do not fear, for those who are with us are more than those who are with them.”**

Why do you think Elisha’s response was so much different than that of his servant?

What can we learn from this?

**3. “Open his eyes that he may see.”**

What was Elisha able to see as he looked out over the land?

Should we conclude from this that God will always work out things the way we want them?

What should we conclude?
